

## **Kurt P. Nemec**

---

### **Core Competencies**

Mag. Kurt P. Nemec, M.B.L.-HSG (St. Gallen) is an Austrian attorney and the founder of the Vienna based **kpnemec** law firm ([www.kpnemec.at](http://www.kpnemec.at)). Kurt's extensive education and experience in law, mechatronics and mathematics make him one of few European law experts with advanced technical training and experience in the infrastructure and telecom industry. This unique skill set enables Kurt to provide valuable insight into essential discussions about innovations in industry, IT, infrastructure and logistics. As such, Kurt is one of the leading European authorities in legal advising for companies regarding the implementation of digital, economic and technological transformation. He is fluent in German and English.

### **Additional functions**

Director General of the ef4fe - European Forum for Future Economy
